## Profile

IT professional and Data Analytics student with hands-on experience in technical support and business-focused data projects. I enjoy solving and communicating real-world problems from raw data into practical insights that support smarter decision-making.

## Relevant Experience

### Help Desk | Taldor - One Technologies | SITA, TLV Airport | 2026-Present

- Perform ongoing maintenance and troubleshooting of software and hardware in a high-pressure airport environment.
- Provide 24/7 on-site and remote technical support for over 250 check-in counters and boarding gates, ensuring minimal operational downtime.
- System imaging from cloud.
- Service Getaway - ticketing system.
- Experience with Windows & MacOS operating systems.

### Holiday Sales Representative | Spirit World productions | 2022 - 2023

- Generated new revenue streams by introducing and managing online customer engagement channels for the first time in the company.
- Translated customer feedback from multiple platforms into actionable insights for the marketing team, improving sales strategy and campaign effectiveness.
- Delivered 24/7 customer support, increasing customer satisfaction and strengthening client retention.
